UNDER BENCH HEAVY DUTY COMMERCIAL DISH WASHER SSS-500

The Sharpline SSS-500 is a fully automatic front loading commercial dishwasher designed for under bench installation, with a capacity to wash 500 plates per hour.

Features of the SSS-500 include:

Two wash programs of 120 and 180 seconds each, which includes a 10 second rinse cycle.

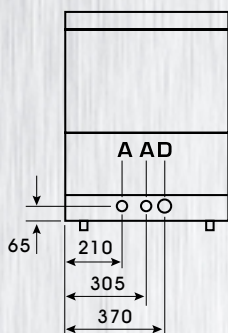

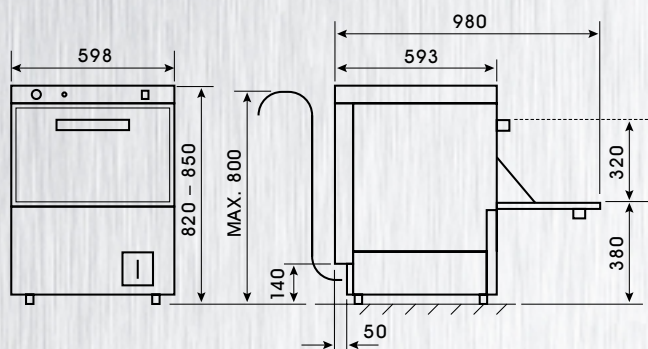

A large door opening enables the machine to wash plates up to 320 mm in diameter.

Rotating upper and lower wash and rinse arms ensure that the maximum pressure reaches all surfaces.

Rounded washing compartment allows easy cleaning.

Water consumption is approximately 2.7 litres per cycle.

The SSS-500 operates on single phase power and is supplied with a cable and 15 amp plug.

Connection Points

- A** Electrical connection 15 Amp 240 V
- B** Water inlet 3/4" B.S.P. at 60 ° C
- C** Drain 30 mm
