HEATED MOBILE VERTICAL FOOD TRANSPORTERS

SSS-VFT-F

SSS-VFT-H

The Sharpline SSS-VFT-F is a large capacity heated Vertical Food Transporter ideal for serving large quantities of food and plate warming.

A smaller capacity model SSS-VFT-H (half-size) is also available. Both are designed to maintain hot food at the desired serving temperature.

The main features and specifications include:

Heavy duty construction, rustproofed steel frame, panelled internally and externally with satin finish 18-10 stainless steel.

Control panel includes thermostat, pilot light and temperature indicator.

17 off 2 x 1 gastronorm trays or racks, each holds 6 x 230 diameter plates.

SSS-VFT-F full-height model supplied with 7 racks, SSS-VFT-H half-height with 4 racks.

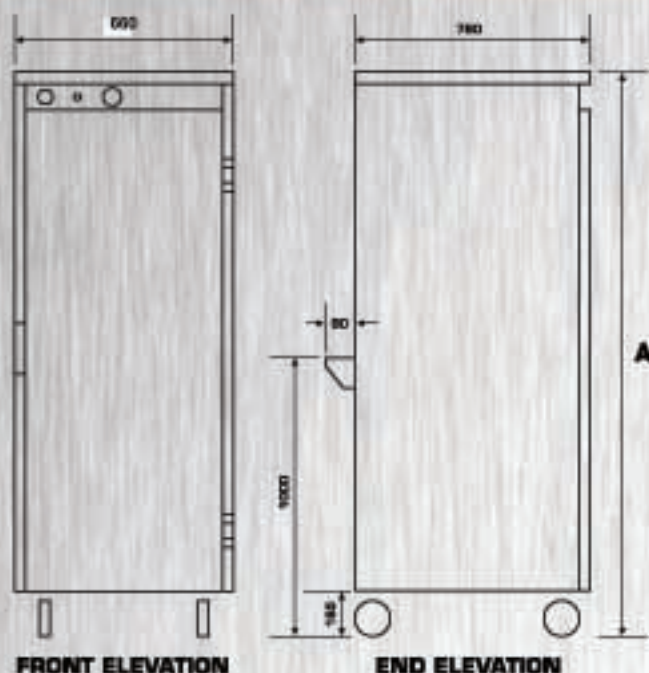

Thermostatically controlled heating element.

Humidifier tray designed to help prevent food from drying out is included with every unit.

Sharpline fan forced vertical food transporter models are also available as an option.

125mm diameter castors, 2 with brakes.
